BASIC

Immunology in Medicine
To Go

Course Faculty

Led by world-renowned faculty, Basic to Go courses typically feature two faculty members who deliver the lectures and lead question-and-answer sessions.

[Abul Abbas, MD](#)
University of California
San Francisco

[Andrew Lichtman, MD, PhD](#)
Brigham & Women's Hospital

[Shiv Pillai, MD, PhD](#)
Ragon Institute of MGH,
MIT and Harvard

Sample Custom Course Schedule

The standard Basic to Go consists of seven one-hour lectures that will provide your team with the fundamentals of immunology and the rationale behind new immunotherapeutic therapies being developed and adopted. The course also features dynamic question-and-answer sessions and provides you with the opportunity to customize the course content to meet your desired learning outcomes.

Day 1:	
9:00.	Introduction to the immune system
9:30.	Innate immunity
10:30.	Break
10:45.	Antigen presentation, dendritic cells
11:45.	Activation and regulation of T cells
12:45.	Lunch and adjourn

Day 2:	
9:00.	CD4 T cell subsets (brief mention of CD8 cells, memory cells)
10:00.	B cell activation, antibodies
10:45.	Break
11:00.	Immune tolerance
12:00.	Mechanisms of autoimmunity, selected immunological diseases
1:00.	Lunch and adjourn
