Dear Colleagues,

The Federation of Clinical Immunology Societies (FOCIS) Annual Meeting is the leading forum bringing together diverse translational immunologists to facilitate research innovations and cross-disciplinary networking opportunities that cannot be found at any other meeting. We invite you to join us for the FOCIS 2021 Virtual Annual Meeting, June 8-11.

The FOCIS 2021 Scientific Program Committee has developed an outstanding program. The program will present cutting-edge research, while providing the same, high-quality multidisciplinary content presented by leading clinicians and researchers in the field. Participants will share in best practices for data sharing and assay standardization and the rapid emergence of ever-evolving technologies, and the application of immunological discovery to the challenges facing our global community, including the COVID-19 pandemic.

We are excited to partner with you and look forward to learning how your company would like to have a presence at FOCIS 2021. In this brochure you will find many ways to participate in the Annual Meeting and throughout the year.
